IBPS RRB 2024 Answer Key - Know your score

In this segment, we will help you calculate your scores for the IBPS RRB exam 2024. Before we proceed, let's first understand the marking scheme. The preliminary exam for the Office Assistants and Officers Scale I posts consists of 80 questions, with a maximum score of 80 marks.

- For every correct answer, you will be awarded 1 mark.
- However, there will be a penalty for wrong answers marked in the Objective Tests. For each incorrect answer, 0.25 of the marks assigned to that question will be deducted as a penalty to arrive at the corrected score.
- Moreover, it is important to remember that there will be no penalty for unanswered questions.

Thus, to arrive at the corrected score, you should award yourself 1 mark for every correct answer. However, deduct 0.25 marks for each incorrect answer, and give yourself 0 marks for every question left unanswered. Moreover, it is important to note that your corrected scores from different sessions (if held) will be normalized using the equipercentile method.
