

Analytical Reasoning Questions Overview

Analytical Reasoning Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Analytical Reasoning Questions.

Analytical Reasoning Questions

Direction: Study the following questions carefully and choose the right answer. Statement: A very large number of students have failed in the final high school examination due to faulty questions in one of the subjects. Courses of action: I. All the students who have failed in the subject should be allowed to take the supplementary examination. II. All those who are responsible for the error should be suspended and an inquiry should be initiated to find out the facts. III. All the students should be promoted to their next classes.

Question

Which course of action follows regarding the statement given above?

Difficulty : Difficult

Average Time : 53 Seconds

Options :

1. Both I and III follow
2. Only III follows
3. Both I and II follow
4. Only II follows
5. All follows

Solution

The correct answer is **option 3** i.e. **Both I and II follow**.

Understanding

Courses of action:

I. All the students who have failed in the subject should be allowed to take the supplementary examination. **Follows** (As the errors in questions are not the mistakes of students so, they must not suffer. Therefore, a re-test should be allowed.)

II. All those who are responsible for the error should be suspended and an inquiry should be initiated to find out the facts. **Follows** (Faulty questions in the examination paper are a blunder on the part of school management and they are accountable for that. So, they must be penalized to prevent the reoccurrence of such mistakes in the future.)

III. All the students should be promoted to their next classes. **Does not follow** (Promoting students would not be the right decision as it would not help to know who actually is eligible to get promoted)

Hence, the correct answer is **Both I and II follow.**
