

Blood Relation Questions Overview

Blood Relation Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Blood Relation Questions.

Blood Relation Questions

Read the given information carefully and answer the following questions. Ten persons A, B, C, D, E, F, G, H, I and J are sitting in a row but not necessarily in the same order. Some of them are facing north while some of them are facing south. B sits third to the left of A. B sits at the left end of the row. G sits fourth right E. A and E are not immediate neighbours but facing the same direction. Two persons sit between C and H. F sits second to the left of C, who is facing north. F does not sit second from any ends. Immediate neighbours of A faces opposite direction. Immediate neighbour of E faces the same direction. The person sits at ends faces the same direction. Immediate neighbour of D faces the same direction, C and D faces the opposite direction. J sits second to the left of H, J is an immediate neighbour of I. More than three are facing north.

Question

How many persons are facing south?

Difficulty : Moderate

Average Time : 75 Seconds

Options :

1. Three
2. Four
3. Five
4. Six
5. None of these

Solution

The correct answer is **Option 4** i.e. **Six**

Decoding the puzzle	Corresponding Inference
---------------------	-------------------------

- 1) B sits third to the left of A.
- 2) B sits at the left end of the row.
- 3) G sits fourth right E.
- 4) F sits second to the left of C, who is facing north.
- 5) Two persons sit between C and H.
- 6) J sits second to the left of H, J is an immediate neighbour of I.
- 7) A and E are not immediate neighbours but facing the same direction.
- 8) F does not sit second from any ends.
- 9) Immediate neighbours of A faces opposite direction.
- 10) Immediate neighbour of E faces the same direction.
- 11) The person sits at ends faces the same

Hence, six persons are facing south.
