

# Blood Relation Questions Overview

Blood Relation Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Blood Relation Questions.

## Blood Relation Questions

Read the given information carefully and answer the following questions. Six members P, Q, R, S, T and U are in a family. R is married to S. P is only son of R. T is brother of Q who is married to P. U is daughter of S. U is unmarried.

### Question

How many females are there in the family?

Difficulty : Moderate

Average Time : 44 Seconds

Options :

1. None
2. One
3. Two
4. Three
5. Cannot be determined

### Solution

The correct answer is **Option 5** i.e. **Cannot be determined**

Decoding the puzzle	Corresponding Inference
---------------------	-------------------------

- 1) R is married to S.
- 2) P is only son of R.
- 3) T is brother of Q who is married to P.
- 4) U is daughter of S.
- 5) U is unmarried.

Hence, it cannot be determined.
