Coding Decoding Questions

Direction: Read the information carefully and answer the following questions. In a family of eight members, there are three married couples. M is the child of B who is the daughter of Z. L is the sister-in-law of G, who is married to B. N is the grandson of P who is wife of Z. L is married woman but doesn't have any child. M is the niece of R. R doesn't have any sibling.

Question

How is R related to N?

Difficulty : Moderate

Average Time : 50 Seconds

Options :

1. Paternal uncle
2. Maternal Uncle
3. Father
4. Mother
5. Aunt

Solution

The correct answer is **Option 2** i.e. **Maternal Uncle**.

Understanding

M is the child of B who is the daughter of Z.

L is the sister-in-law of G, who is married to B.
(So, L can either be the sister of B or L can be the wife of B's brother).

N is the grandson of P, who is wife of Z.

L is married woman but doesn't have any child.

M is the niece of R.

Case 1:

Case 2:

R doesn't have any sibling. (So, case 2 will get eliminated)

Case 1:

Hence, the correct answer is **maternal uncle**.
