

Data Sufficiency Questions Overview

Data Sufficiency Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Data Sufficiency Questions.

Data Sufficiency Questions

Directions: Each of the questions below consists of a question and three statements numbered I, II, and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and the given answer. A. If the data in statements I and II are sufficient to answer the question. B. If the data in statements II and III are sufficient to answer the question. C. If the data in statements I and III are sufficient to answer the question. D. If the data in all the statements I, II, and III together are not sufficient to answer the question. E. If all the statements I, II, and III are necessary to answer the question.

Question

What is the code for 'doubtful interest' in the given code language? I. If 'Election Result Show Interest' is coded as 'mo, la, sr, rt' II. If 'Election Result Doubtful Interest' is coded as 'rt, la, mo, fu' III. If 'Doubtful Show Interest Money Loss' is coded as 'it, la, sr, fu, gd'

Difficulty : Difficult

Average Time : 77 Seconds

Options :

1. A
2. B
3. C
4. D
5. E

Solution

The correct answer is **option 2** i.e. **B**.

From Statements I and II:

Word	Code
Election/Result/Interest	mo/la/rt
Show	sr
Doubtful	fu

From statements II and III:

Word	Code
Doubtful/Interest	la/fu
Election/ result	rt/mo
Show/money/loss	it/sr/gd

Thus we can see that by combining II and III statements we find the code for 'doubtful interest' is ' la fu'

From statements I and III:

Word	Code
Show/Interest	la/sr
Election/result	mo/rt
Doubtful/money/loss	it/fu/gd

Hence, the correct answer is **B**.
