

Devices Questions Overview

Devices Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Devices Questions.

Question

Which among the following displays the name of the worksheet, located at the bottom of the worksheet window in MS Excel?

Difficulty : Moderate

Average Time : 30 Seconds

Options :

1. Formula Tab
2. Insert Tab
3. Sheet Tab
4. Key Tab
5. Native Tab

Solution

The correct answer is **Option 3** i.e. **Sheet Tab**.

- In MS Excel, Sheet Tab displays the name of the worksheet, located at the bottom of the worksheet window.
- In MS-Excel, a sheet, a sheet tab, or worksheet tab is the current worksheet that is being displayed.
- Every Excel file is capable of having multiple worksheets, and after opening an Excel file, the user will see multiple sheet tabs as shown in the picture.
- By default, the user has three sheet tabs and an additional tab that allows the user to add additional sheets to the Excel file.
