

Distance And Direction Questions Overview

Distance And Direction Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Distance And Direction Questions.

Distance And Direction Questions

Direction: Read the given information carefully and answer the following questions. Wimpy started going in the west direction from her School. After walking for 9 m she turned left and walked for 6 m to reach the hotel. From there she took a right turn and walked 7 m to reach the park where she played for an hour and then turned in the south. After walking 5 m she turned right and walked for 9 m to reach her Office. Then she took a final left turn and walked for 7 m to reach Canteen.

Question

In which direction is the canteen with respect to the office?

Difficulty : Moderate

Average Time : 55 Seconds

Options :

1. East
2. West
3. North
4. Northeast
5. South

Solution

The correct answer is **Option 5** i.e. **South**

By making the diagram, we get all the distances and directions traveled by Wimpy.

Clearly, the canteen is in the south of the office.

Hence, the correct answer is **South**.
