

## Series Questions Overview

Series Questions have a good weightage in the Banking Exam and the type of question asked in Banking exam is similar to the question mentioned below. It has been solved and explained by Gargi.ai Experts and they have tried to elaborate the concept used in Series Questions.

## Question

Select the combination of letters that when sequentially placed in the gaps of the given letter series will complete the series. K \_ C T \_ B L U C \_ M \_ M \_ C \_ M B

Difficulty : Moderate

Average Time : 33 Seconds

Options :

1. UMTBUT
2. BMTUBT
3. UMTUUT
4. UMTUBT

## Solution

The correct answer is **Option 1** i.e. **UMTBUT**

Understanding

The given series is-

K \_ C T \_ B L U C \_ M \_ M \_ C \_ M B

Now, we will divide the whole series into a set of three letters each.

K \_ C / T \_ B / L U C / \_ M \_ / M \_ C / \_ M B

The pattern followed here is:

First letter - K, T, K + 1, T, K + 2, T

Second letter - U, M, U, M, U, M

Third letter - C, B, C, B, C, B

Therefore, the whole series is:

**K U C T M B L U C T M B M U C T M B**
