Concept/Grammar Rules	Application
-----------------------	-------------

The query is about finding the synonym which represents a word or phrase that means exactly or nearly the same as another word or phrase in the same language and antonym which represents a word opposite to the given word "Discover". Option 5, i.e. "Find-Hide" seems to be the appropriate pair of synonym and antonym of the given word.

The given word "Discover" means to find unexpectedly or during a search. and the pair given in option 5 seem to be representing the pair of synonym-antonym for the given word as the word "Find" seems to be its synonym as it means "to discover or perceive by chance or unexpectedly. and the word "Hide" depicts "to put or keep out of sight."

Further, the remaining pairs are representing either a pair of synonyms or a pair of antonyms to the given word.
